# Planning your future?

---

IN PLANNING YOUR FUTURE THERE ARE FIVE THINGS THAT YOU  
WANT IN A BUSINESS CAREER . . .

1. You want employment security.
2. You want a chance to earn as much as your ability and ambition will permit.
3. You want a chance for future advancement.
4. You want clean, dignified work.
5. You want employment and association with people who are in a position to help you.

We have helped hundreds of young people to plan their future along these lines.

May we help you?

Classes continue during July and August

Call JA 2-5500 for particulars

# we think you should know what we know about teen-agers

Since Simpsons-Sears opened in 1954, we have met, talked to, trained and worked with a great many teen-agers.

What is our impression?

We think the teen-agers of to-day have a great deal to offer—among the things that inspire us most is their bright-eyed, business-like attitude, their willingness to learn, and their ability to get a job done.

These are the things we know, and like, about teen-agers . . . and these are the things that assure success in business and profession alike.

The future belongs to those who prepare for it—and many teen-agers have, by establishing a pattern of hard work and study, set their own course for the future. Some in engineering, some in a profession, some in retailing.

Retailing, with its many allied fields offers the student a world of careers—and wherever your particular talents lie, whether in buying, selling, personnel, accounting, publicity or store management, you'll find here positions-with-a-future, limited only by your own capabilities and initiative.

THE

VICTORY

## *Principal's Message*

A school magazine is a large and complicated project designed to provide gifted students with a chance to develop their latent talents. The magazine which you hold in your hands is the creative effort of a large group of Nelson's most talented students who have dreamed, planned and worked to produce an imaginative record of the year's activities. The Victory is the tangible result of a great deal of creative thought and team work on the part of the sponsor, other staff members and students.

To the graduates of 1963 I bid a fond farewell and wish you well in your chosen field of higher education or industry. To you falls the challenge of meeting the expanded needs for more and better trained people to continue the development of this country to which all of us owe so much.

It has been a thrilling experience to be Principal of Nelson High School during the first six years of its existence. From its small beginning in September 1957, it has grown to maturity both in physical size, and in academic and extra-curricular prowess. Traditions have been developed by the student body which have made Nelson High School a challenging place to be, either as a teacher or student.

To my successor, Miss Robinson, I extend congratulations and best wishes. I have every confidence that, with her guidance, Nelson High School will continue to grow in stature and reputation.

To all, graduates, staff and student body, I extend my best wishes for your continued success and I hope that you will carry forward the Nelson traditions and keep ever before you our school motto "Exact in action, exalted in thought" - "Diligens, Providens".

## **EDITORIAL**

On behalf of the editorial staff we would like to take this opportunity to thank the teaching staff and students who worked so willingly to present the 1962-1963 edition of the "Victory".

We have tried to make changes this year which help to improve the quality of the book. For the first time we did all of our own photography and feel that this is a step in the right direction. Again we have made the book available in either hard or soft covers.

In years to come your copy of the current "Victory" will help you to remember those happy days you spent at Nelson High School in the 1962-1963 school year. We hope that you will spend many happy hours looking through your copy.

In the coming year we wish everybody, especially our graduates the very best of luck wherever they may be.

## VALEDICTORY ADDRESS

Mr. Tough,  
Mr. Singleton,  
Honoured Guests,  
Mr. Gilmore,  
Members of the teaching staff of Nelson High School,  
Fellow graduates,  
Ladies and Gentlemen:

First of all, let me express my gratitude to the staff for having chosen me as valedictorian. It is a great honour to be able to represent this class in waving good-bye to its alma mater.

This graduating class of 1962 is actually also the first grade 9 class to have entered Nelson, and consequently, I feel rather inadequate to represent it since I did not come to Nelson until two years later. But in doing so, I became one of a large number of students in this class, perhaps even close to a majority, who were also transferred here from other schools. This, I think, indicates the rapid growth of Nelson High School over the past 5 years, which in turn reflects the growth of the entire municipality of Burlington.

There are many evidences of this growth at Nelson. Five years ago, with a student population numbering in the 200's it was already a closely knit, spirited group. Over the years it has retained these aspects of its character while adding many more as its population multiplied 5 times.

Remember for instance, those fabulous Spring Concerts which showed that our school band had developed into one of the best in the province? Of course our Drama Club wasn't exactly inactive either, if I do say so myself. Gradually, many of our extra-curricular organizations began excelling in their activities -- such as the history club with its annual trips to New York or Ottawa; and the science club projects receiving high honours at the Hamilton Science Fair.

Then of course, there were those annual fall political campaigns for Student Parliament, the trip to Stratford, noon hours spent madly getting your homework done. And remember those English and History classes we taught ourselves? Many of these were the marks of a growing school.

Of course we weren't really a full-fledged school until we'd had our bomb scare. No school is complete without one. I'll tell you another thing that no school is complete without, and that's the day that a certain male teacher returns from a day off and starts handing out cigars to everybody -- well, chocolates for us.

Academically, too, I don't think very many schools can boast of the benefits we had. I think it is no exaggeration to say that we had here one of the best teaching staffs we could possibly have had. Whether or not we took advantage of them is a different matter.

Our teachers were well-educated, hard-working, and gifted in their ability to teach. And we learned from them more than just what was on the course of study.

I don't mean those interesting bits of wisdom like, "This is not a compass, this is a pair of compasses," or the reasons why a barber pole has red and white stripes, and blue too, if you're a patriotic American, or the fact that the word "Philosophy" is derived from the 2 Greek words "philos" and "sophos" which mean

"love of wisdom." I admit that we usually got choice little morsels like these every day!

But I don't want to give you the impression that at Nelson we received, as Dickens put it, "A smattering of everything and a knowledge of nothing". In fact we gained much more than knowledge from our teachers. Each of them, by the examples of their actions and their lives and their opinions, bestowed upon us some part of his philosophy of life -- some part of himself! And that part of each of them has become part of each of us, so that even after our teachers die, they will live on in us, and in our children, and our grandchildren, and so on.

Don't let me give you the impression that they don't have any faults, mind you, because they do -- they are, after all, human.

But their faults are far outweighed by their virtues, and it is these virtues that have left their imprint upon us. I think now would be the proper time to express the gratitude of this graduating class to the staff of Nelson High School for a job well done!

It must really be a difficult task being a teacher -- at least we tried to make it that way. I don't know how successful we were, but we tried. Remember for instance, the expression on a certain trigonometry teacher's face when he was doing a statics experiment, trying to make a wooden block slide down an inclined plane, and it just wouldn't go? He didn't know there was gum on it. Oh, we were demons, we were.

Where else but at Nelson would a teacher get an end-of-the-year gift from his class of a Bible, and a half dozen beer glasses?

However, we must move on from the past to the present, and the future. But before we do, I think we should stop and think for a moment to see if there is anything we have forgotten -- and there is!

We cannot neglect paying tribute to the one man who, more than any other, was responsible for the successful development of this new school, and to congratulate him on his forthcoming promotion -- our principal, Mr. Gilmore. It will be a difficult task for his successor to exert the discipline necessary in a school the size of this one, while still maintaining the respect of its students as he has done. Few other people (in fact only two that I know of) could show the interest that he does in the students of this school and their activities, and still cope with the heavy chore of administrative work and the responsibility of his position. And most important of all, nobody, and I mean nobody, will be able to do the kind of job that he has done playing Santa Claus at the Christmas party.

But finally, what does the future hold for this graduating class? Well what is the present? It is a commencement, a beginning, which reminds me of a quotation from the words of Winston Churchill. This is a quotation in reference to the Battle of Egypt during the Second World War, which isn't exactly a parallel with us tonight -- although you may wish to think of life

as being a battle. Actually life is just a bowl of cherries, except for the fact that you're always falling into pits!

Anyway, getting back to Churchill, he said: "This is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning."

This is basically the position that we are in tonight. As far as our education is concerned, since education is a life-long process, this is only the end of the beginning. And as far as our lives are concerned this is also the end of the beginning -- at least we like to think it is.

Consequently, if we looked into our crystal ball, we would see that the answer to the question, "What does the future hold?" is the obvious answer that the future holds our entire life. What we choose to do with our future is our own concern, and this is a very great responsibility.

Certainly I hope that none of us will be so foolish as to ignore the growth of an education that has been so well begun here at Nelson. I don't mean by that that we must all attend university, because university and education are not necessarily synonymous.

I also hope that none of us will choose to ignore the country that gave us the beginning that is here partly represented by the diploma that we have all received tonight.

Disraeli said the following of Britain in 1874, but it applies just as much to Canada today: "Upon the people of this country the fate of this country depends."

It matters not how or where we choose to serve our country, as long as we remember that the fate of our country depends upon us and upon our education.

Pericles wrote: "Fix your eyes on the greatness of your country as you have it before you day by day, fall in love with her, and when you feel her great, remember that her greatness was won by men with courage, with knowledge of their duty, and with a sense of honour in action, who, even if they failed in some venture, would not think of depriving the country of their powers, but laid them at her feet as their fairest offering."

We must, I think, at least try to return what we have received to those whom we have received it from -- indeed in our humble position of beginning, this is all we can do.

We certainly must not underestimate the importance of our future, both to ourselves and to our country -- and to those who have shared in our beginning.

To date, Nelson High school is too young to have developed a tradition with respect to its graduates, and consequently, as far as our future is concerned, we have no tradition to follow -- which makes our task doubly important for this school since we must develop its tradition. I think it deserves to have a good one. At least let's try to give it one that is worthy of the name "Nelson".

**KEN BARTLE**  
 A: To pass English  
 UD: Failing English  
 PP: Big Noses  
 HPSC: Passing grade 12 English  
 FS: Nice head  
 P: Doing nothing to exert myself

 Marg Oloman - chief demonstrator in Nelson's first psychopathic ward

### Ambitions

Ralph Tallman - to ask intelligent questions  
 Rod Vinter - sleep  
 Albert Sandink - Daydreamer  
 Bill Sinclair - to win a wrestling match  
 Sarge Frizzo - Pizzeria operator

"EAGERLY ECCENTRIC ELEVENS" (or "Like man when 1 + 1 ain't 2")

Don Harris - "One of those kind, eh?"  
 Wayne Auckland - "What d'ya mean, stupid?"  
 Claude Denis - "Go away little girl!"  
 Pat Worrall - "Got her a broom"  
 Amy Schell - "I don't know sir"  
 Doreen Gent - "Oh, you're getting germs all over it"  
 Beth Montgomery - "He can't read poetry!!"  
 Donna Wilson - "just for kicks"  
 Paul Visser - "Go play on the Skyway, Gray!"  
 Pat Gratkowski - "I don't think that teacher likes me"  
 Janet Crowe - "I had a JIM-dandy weekend "  
 Heather Amy - "No sir, that's not right"  
 Pat Takishita - "Our class just isn't my type"  
 Suzanne Monus - to gain 18 inches  
 Jill Loosley - stay healthy  
 Sue Pennington - to shorten all skirts  
 Margaret Farley - to find her Lit text  
 Bonnie Urquhart - to diet  
 Judy Clarridge - same as S. M.  
 Marjorie McCormack - to stop coughing in English  
 Marion McMaster - to pass grade 11  
 Bob Finlay - women's locker room boy  
 Vernon Stutt - math scholar  
 Isabel Richardson - to join the W R E N 's  
 Wayne Riley - food tester for Betty Crocker  
 Don MacIver - to walk a Corvette  
 Gloria Stevens - nurse with Dr. Casey  
 Ann Bragyer - to do more damage to Dad's car  
 Greg Rapson - to live until 1973  
 Ann Byett - to beat up Graham Double  
 Jane Smith - to teach Mr. Lavender history  
 Mary Joan Coulson - to keep quiet in History  
 Lynda Hodgins - attend school for one week  
 Lorna Bielby - to pass grade 11 geometry

Rick Rusk - ducking flying yard sticks  
 Jim Dafoe - as 1/2 the perfect couple  
 Marlene Seymour - trying on ski jackets in Leed's  
 Jeannie Hewitt - sewing up the roof on a littered "bug"  
 Marlene Ewart - wearing something new every day  
 Gary Daniels - taking corners on two wheels  
 Donna Wright - waiting in the hall at 3:20  
 Ray Deleгарde - with Margaret in the phone booth  
 Murray St. John - thumbin' a ride home  
 Denise Reeves - laughing and turning red  
 Frances Searle - riding the range  
 Joe Arubthnott - disturbing French classes  
 Ed Solomon - waiting for Don after school  
 Ron Kemp - teaching Gary to be a gentleman  
 Dorothy Warshawsky - on cafeteria duty  
 Janet McLean - getting locked in her locker  
 Geoff Godard - Mr. McKay's straight man  
 Gerry Hockins - Earl's cohort  
 Jane Budnark - talking to Sharron on the phone  
 Lynda Pearce - sticking like glue to Virginia at all times  
 Virginia Huston - taking about 1/2 hour to get her books  
 Marjorie Hill - getting 150 in our little math tests  
 Judy Scott - mixing Lady Clairol

## Earmarks:

Debbie Wettlaufer - brown eyes  
 Lloyd Tuck - strong and silent  
 Jackie Jarvis - red boots  
 John Scott - an autographed wrist  
 Ginny Parr - her temper  
 Gary Lindley - Mr. MacKay's friend  
 Joan French - a blue gym suit  
 Bruce McGrady - eats seven eggs for breakfast  
 Glen Haskett - whiz in Physics  
 John Western - 11E's money man  
 Pat MacDonald - beauty with brains  
 Danny Posavad - Big Dan  
 Dawn Tribe - Waterloo, Waterloo, Waterloo  
 Jane Craig - likes the boys at Burlington High

## Favourite Sayings:

Marlie Thomson - "Well, that's it"  
 Les Jackson - "Quiet please"  
 Karen Kinley - "Hold my books please"  
 Lee Lakeman - "Mr. Lorrinan, you're a cynic"  
 Graeme Barr - "But, Miss Bouck..."  
 Bill Burns - "I'll beat Kidd one of these days"  
 Jim Broadbent - "Lay off my French fries"

#### Ultimate Dooms:

Heidi Gonssen - taking a booster course in child psychology  
 Robert Novosad - crash landing in Cuba  
 Karen McLean - muscle tester  
 Keith Tanner - chief editor of Mad Magazine  
 Ida Vanderlaan - cadaver in a medical school  
 Robert Steimach - Jack the Ripper  
 Robin Smith - water boy for the Tiger Cats  
 Brian O'Neill - a good Do-Bee  
 Earla Nichols - trying to make 6' centre on a girls' basketball team  
 Philip Lichtenberger - professional dog walker  
 Fred Leighton - advertising manager for a bobby pin compan  
 Brigitte Kaiser - travel agent in Siberia  
 Peter Hollyoake - playing the horses  
 Roberta Haley - ice-sweeper in the Winter Olympics  
 David Gilmore - beating Dianne  
 Walter Fraiss - flea-catcher for the Humane Society  
 Peter Foley - confirmed bachelor  
 Nancy Findlater - teaching French to DeGaulle  
 Valerie Eggertson - headhunter in Ottawa  
 Marilyn Duncan - boys' Phys. Ed teacher  
 Don Cowan - playing the title role in a monster movie  
 Leendert Boksmann - forest ranger in the Sahara  
 Steve Barker - another Rudy Valentino  
 Joanne Austin - driving Mr. Lorrman insane  
 Gregg Arnason - outdoing Einstein  
 Heather Andrew - stowaway on a tramp steamer  
 Linda Abell - playpen supervisor

#### Pet Peeves:

Liz Zuraw - German Shepherd dogs  
 Helga Ross - Monday and Friday lunches  
 Joyce Arbuthnott - people who crack their knuckles  
 Vicki Melowsky - carrying a handful of pennies into the cafe  
 Gaye Anne Honsberger - noisy classes - 10G  
 Sheryl Raymes - Mon., Tues., Wed., Thurs., & Fri.  
 Sue Duncan - Room 206  
 Carol Swaine - French Corrections  
 Jane Lambert - a certain Sandy S.  
 Sue Chadwick - anything to do with Latin  
 Bryan Bouck - temperature of room 109  
 Richard Wilburn - drawing straight lines  
 June Nelson - teachers who teach in the 10 minute break  
 Pat Corrigan - girls too beautiful for words but not for arguments  
 Wayne Turner - Monday mornings  
 Paul Morley - the older generation  
 Frank Posavad - segregated Phys. Ed classes  
 John Scott - Latin verbs  
 Cathy Steeves - a certain Don C.

Ian Stewart - large French vocabularies  
 Paul Vandervet - getting under 90%  
 Paul Londerville - cleaning a certain Math teacher's boards  
 Peter Campbell - sisters with big mouths  
 Dave Rowe - people who stare during lunches  
 Darlene Staton - a certain class president  
 Mary Hogan - rollers  
 Frank Burtasson - people who untie shoelaces  
 John Smoliniec - being a crumb for  
 Nicole Curran - olouses that button in back  
 Judy Campbell - people who understand Science  
 Mary Johnston - midget basketball teams that lose  
 David Beitz - English grammar  
 Ed Chomucki - crossing my heart and kissing my elbow  
 Penny Secord - runs in my nylons  
 John Morgan - too many tests  
 Irene Martijw - going to math classes  
 Sharon Davidson - no long weekends from Xmas to Easter  
 Bob Morton - broken right arms  
 Court Smith - being bawled out by  
 Sipke Koerts - math  
 John Daisley - near-sighted ants  
 Glen Kangas - dead battery in little green car

#### Favourite Sayings:

Liz Daigle - "It's all right Brenda. We all do ya"  
 Susan Harrison - "If he calls me Boudier Harrison, he's dead"  
 Elly Balke - "Beat it, Potter"  
 Sharron McGan - "His name is so small"  
 Gloria Thacker - "It's not open, it's closed"  
 Bill McGlaughlin - "I'm getting fed up with this, Gail"  
 Jane Bowden - "Yea, Aidershot!"  
 Anne-Marie Miggett - "I gotta go to northward"  
 Paul Byron - "Martin, you should know"  
 Liz Luxon - "As Ron would say"  
 Gail Fell - "Ya want a pink slip?"  
 Doug Potter - "Ya woodn't kid me, wood ya?"  
 Carole Bird - "Does my mop look alright?"  
 Pat Hannon - "May I be excused?"  
 Barb Burden - "Sir, I forgot my book"  
 Jane Blake - "Hey Lizette, where are you going?"  
 Lizette Lauzon - "Do we have a test today?"  
 Lorraine Wilsheer - "Can I look on with you?"  
 Brenda Twiss - "Lend me a dime?"  
 Bernadette Dorrán - "I don't understand"  
 Marg Evans - "Do you have any typing paper?"  
 Chris Love - "I wasn't the only one talking"  
 Pat Conners - "Can Bev have a piece of paper?"  
 Gwen Williams - "Smell this new perfume."  
 Judy Weaver - "I'm tired"  
 Betty Repa - "I'm scared, come with me"  
 Maureen Hartnup - "Well, back to the old drawing board."  
 Nigel Field - "What's that ye gotte there?"  
 Angela Soper - "Hey Jackie, study your German"  
 Pat Barrett - "Someone's been tampering with my locker"  
 Don Clements - "Let's go to Toronto."  
 Bette Greene - "Leave my hair alone!"  
 Heather Kennedy - "Dahling"  
 Carol McRae - "May I ask you something?"  
 Shirley Fell - "I never did."  
 John Searle - "Don't burn my car."  
 Micky DeFreitas - "I'll never do it again."  
 Ronald Boonstra - "What's up there?"

#### TWENTY YEARS HENCE:

Wes Brander - ruling the world  
 Emma Bremer - pie-thrower on the Jungle Jay Snow  
 Sandy Bryan - permanent resident of Cloud 9  
 Linda Campbell - still getting in and out of lockers  
 Gary Green - your guess is as good as mine  
 Susan Loveks - still 5'1"  
 Marilyn Mackie - American citizen at last  
 Lynne McLeod - still cheering for Burlington  
 Valerie Nicholls - no comment  
 Rick Potter - manufacturing TV's for pleasure of Nelson students  
 Pat Richards - working on her M.R.S. degree  
 Lenore Rivers - flavouring food pills  
 Joanne Sherwood - inventing blush-proof powder  
 Don Scott - puck-freezer for the Maple Leafs  
 Henry Shikoski - a happy life on Mars  
 Lynda Smiley - educated corn flake flaker  
 Allan Stanbury - shotgun guard on a garbage truck  
 Larry Stern - still trying to make Grade 13  
 Gary Vyles - food taster at Weston's bakery  
 Paul Christopher - washing walls at Stelco  
 Bob Howarth - writing jokes for Prof. Smart  
 Bill Bennett - apprentice hobo

#### PASTIMES:

Brian Eaton - collecting rare hen's teeth  
 Harry Redwood - girls, females and women  
 Rex Lakin - visiting Penny at 8:30 a.m.  
 Con Borg - teaching Mr. Wright about electricity  
 Charles Twiss - pushing cars that won't start

## Grade 9

### Favourite Sayings

Lynn Palmer - "But I'm not sarcastic!"  
Dale Rimmer - "But Palmer, you are!"  
Murray Harris - "Alright, already."  
Bonnie MacNab - "Where's Timothy?"  
Cathy Lowe - "YES, I'm still going with Steve."  
Karen Thomas - "Be a peach and do me a favour."  
Timothy Leblond - "Work fascinates me. I could sit and watch it for hours."  
Dave Wodehouse - "There goes that beautiful."  
Gayle Head - "All right, be quiet."  
Sharon Goranson - "May I go take this aspirin?"  
Jill Frostad - "You rang?"  
Bill Greer - "Lend me your History?"  
Paul Whitman - "Quiet or you'll get a detention."  
Grayem Turney - "Maybe he's sick or dead or something nice like that."  
Wendy Martin - "Well you see, sir..."  
Jim Hejtanek - "But Miss Bouck..."  
Mike Kaytor - "Sharon, is your History done?"  
Gerrie McMahon - "Wouldn't that poison ya!"  
Roberta Hunter - "Where is he -- the nut!"  
Fred Spoelstra - "No that pen doesn't work -- it's broke."  
Anita McClelland - "Aw, give it back Hans."  
Stewart Plantinga - "Now there's something I wouldn't mind having."  
Donald Webber - "Oh to be 6'5"!"  
Mary Jane Brander - "Roll over, Rover."  
Peggy Orchard - "I don't get it."  
Lynne Kitson - "You wouldn't!"  
Norm Denis - "Go away little girl."  
Barbara Nicholson - "Do you like my nails?"  
David Weir - "Hello fans, no applause."  
Doug Irvin - "Thank God that's over with."  
Henry Schwan - "She isn't worth looking at."  
Norma Wilton - "I can't stand that guy."  
Gerald Mead - "I'm an insufferable bore."  
John Millar - "Haven't got it done, Mr. Damato."  
Tim Corkery - "Have you got a pen I can borrow?"  
Josie Harding - "What have we got for homework?"  
Hans Van Dyk - "Did you see that girl?"  
Bob Posavad - "What's for lunch?"  
Art Robertson - "Well, you see it's this way, sir..."  
Lee Jackson - "Ha, Ha---wasn't that funny?"  
Wayne Ouellette - "Keep it down to a dull roar."  
Linda Graham - "I don't get that."  
Harry Meyerink - "Gee, I don't know, sir."  
Peter Ackerman - "Sir, I have a question."  
Kirsten LaCour - "Will you stop it?"  
Paul Pearie - "Sir, I just can't memorize poetry."  
Peter Hall - "Same old excuse, sir."  
John Balch - "Wanna bet?"  
Tod Wright - "Make way for retrogression."  
Sybille Schonfield - "I'm going to cry."  
Diane Powell - "We've done it again."  
George Hall - "Ah -- very interesting."  
Peter DeBruin - "What's that again?"

### WHAT WOULD HAPPEN IF...

Gayle Andrews didn't wear hiking boots to school?  
Nancy Archer wasn't so smart?  
Mike Boughton didn't comb his hair?  
Ron Buick didn't ride shotgun for the Yummy man?  
Richard Carlson's ambition wasn't to grow the longest hair?  
David Crowther didn't blow bubbles for Lawrence Welk?  
Larry Colling wasn't the "Casino King of Nelson High"?  
Everett Colling could be controlled in English?  
Lois Coulson didn't like being called "Red"?  
Doug Coverdale weren't Doug Coverdale?  
Ruth Duncan could stay out of the nurse's office?  
Alice Farrow didn't have the last say?  
Jean Fleet didn't like Mr. Thomas so much?  
Carol Fraser wasn't a walking dictionary?  
Richard Gaunt and Sid didn't try to solve Canada's Nuclear Arms problem?  
Robert Hepburn didn't have a girlfriend in Scotland?  
Randy Ireland ever did past number 5?  
Diane Jolly didn't have crackers for breakfast?  
Susan MacMillan didn't always lend Jim homework?  
Mike McKinley didn't try to eat the dates off of the calendar?  
Gary Miller wasn't called "Tiny"?  
Richard Pitts didn't take so many trips to Florida?  
Karen Richardson wouldn't write letters to Prof. Smart?  
Gisela Rode ever stopped laughing?  
Judy Rutan didn't feel so sorry about Mr. Lorrman's skis?  
Dick Schonewille could spell his name?  
Sid Sipkema didn't aid Richard with Canada's big problem?  
Diane St. Pierse didn't join the boys wrestling team?  
Sheila Storey answered a question in History?  
Cam Tait didn't want to give French back to the French?  
Lena Vander Giessen didn't decorate teepees in her spare time?  
Hilda Van Veed didn't bring her Chatty Cathy to school?  
Bill Western didn't keep saying "But Judy, it's a religion."  
Boo White wasn't such a "broad-minded" Venetian playboy?

### AMBITIONS

John Lichtenberger - to be another Charles Atter  
Tom Thompson - to be short and fat  
Bob LeBlanc - to blow an elephant's nose  
Pam Freeman - to answer Mr. Price's questions  
Tom Lakeman - to downgrade the Navy cadets  
David Robbins - to put on muscle  
Ted St. John - to learn to like French  
Richard Davis - to be another Stirling Moss

### PET PEEVES:

John Blatherwick - know it alls  
Susan Boddington - people who wear knee socks  
Mary Firth - cubic decimetres  
Sandra Chisolm - people who ate their nails  
June Cosay - people who play with ball-point pens  
Janet Geddis - Norton's cold cures  
Ricardo Gause - people who wear coloured snowshoes  
Terry Corrigan - people who don't understand  
Roddy Godard - alarm clocks  
Hans Hamer - learning French vocabulary  
Stephen Hanusz - people who ask for pet peeves  
Jayne Double - some mathematicians  
Arlene Harrington - big feet  
Stewart Henderson - woman drivers in the hall  
Jim Hewitt - people who drive Chevy 6's  
Sally Holton - late buses  
Bill Knight - work  
Brock Langley - people who are late  
Linda March - people who think everything is a big joke  
Kathy Ramsay - town bus going home  
Gillian Salmon - a certain person(s) in 9C  
Warren McMillan - people who come up with dumb ideas  
Isabel Tournor - people who stuff me in lockers  
Mirian Vowels - being called "Witch"  
Nona Samson - History  
Joyce Brown - people who talk behind your back

### ULTIMATE DOOMS

Terry Tucker - another Einstein  
Jerry Hampote - basketball player  
Clen Ouellette - chewing nails  
Dave Virtue - local garbage man

### Favourite Pass times

Virginia Noseworthy - trying to skip or drop Algebra  
Janis Paupst - daydreaming in Math class  
Gordon Rutan - trying to read Mr. J. Burns' writing  
Janice Petes - saying "I don't get it."  
Ron Gardner - cluttering the hallways  
Linda Tanner - learning about Nelson  
Simon Steneke - combing his kiss curls  
Don Amy - Judy Weaver  
Danny Hines - watching all the girls go by  
Jack Barnes - breaking desks in Math class  
Steven Craig - forgetting to do his English  
Graham Scott - talking during typing  
Bob Shepherd - eating, eating, eating  
Bob Miller - being ready for bed at 8:30  
Duncan George - receiving little pink slips of paper  
Alex Nikitin - playing tiddley-winks  
Susan Johnston - spilling over books

# LITERARY

You can never really go home again.

You can never really go home again. I suddenly realize this as I stand looking at the old vacant house through the binoculars of retrospect. To the casual passer-by, it might look like the average old home in need of a few repairs. But to me it stands naked and forlorn.

The velvet lawn that once felt the frolicking and tumbling of small bodies on warm summer evenings is now a tattered mat of dandelions and tough brown grass. The stone walk on which toes were stubbed and little knees scraped countless times is overgrown and crumbling. Carelessness and neglect have left the porch sagging and unpainted. Where are the hollyhocks which grew in gay profusion high against the red brick at the side of the house? Where are the small neatly trimmed evergreens which stood in a neat row along the front? Or the clumps of lilac whose sweet scent tinted every summer breeze? Gone, all of them. Even the small birds that persistently built their nests in the eaves, despite Father's disapproval, have left in search of another place.

How good it was in the evenings to hurry inside at Mother's call to the warm familiar glow of the living room. There are no soft lamps now. Only a single beam of dust-filled sunlight falls in a blank stare on the dirty floor. The smell of damp plaster and old wood replaces the aromas of pipe tobacco, fresh linen, apple pies, dinner cooking and the myriad of other exciting smells peculiar to one's own home. These dingy, peeling walls have heard the laughter of children on their birthdays, Saturday-night discussions and jokes among friends, whispers of children in their beds planning tomorrow's events, and yes, scoldings and tears, and have sheltered them all equally. These very rooms which once were warm and filled with the music of familiar voices, piano lessons, bacon frying on Sunday mornings, the clatter of toys, the rustle of newspapers, are now empty. The shouting silence echoes down long dark halls.

Perhaps I remember Christmases most of all. Those deliriously happy times when the very rafters throbbed with the excitement of long weeks of anxious waiting. The beaming faces of loved ones as they burst open the door, arms filled with gaily wrapped packages; the cadenza of fond greetings and embraces; the incense of cigars, turkey dressing, burning candles, wine and pine needles all mingling together; the sounds of children, nearly crazy with excitement, squealing and dashing from one room to another until exhausted; the rustle of women's dresses like falling autumn leaves; the frenzy of Christmas mornings, the wild shouts of glee as bright wrappings were flung in every direction; the regal Christmas turkeys, sauces and puddings - all these seem to have been forgotten by these grey rooms.

The front door shuts with a hollow thud. Brown leaves driven by an October wind clutter the walk and rap faintly on the dirty windows. I turn once more to look, and then walk on. No, you can never go home again.

- Bob Clarke, 13D

Sr. Prize Poem - Poem No. 1  
A Dying Soldier

Lying on this battlefield,  
With wounded body, broken shield,  
I wonder whether God exacts  
The courage that a soldier lacks.

Our time on earth is very small  
Compared with God's plan over all;  
Though we are but a minute part,  
We hold a place within His heart.

Fight bravely till the battle's end;  
We have our freedoms to defend;  
War may be a foolish thing,  
And yet, it's worth the peace it brings.

I have no fear, for now I die;  
I give my life with one last sigh;  
If we in life will do our best,  
Surely, God will give us rest.

-Dennis Wilson, 12C

## To be or not to be? Essay No. 2

My mother is a Girl Guide. This may sound rather startling and irrelevant, but at least it explains why every summer I spend two tortured weeks under canvas, while the rest of my family satisfies their annual call of the wild. After last summer's bout at pitting my strength against the relentless forces of nature, however, I intend to spend my two week's holiday at home, in spite of the fact that I will have to survive upon the dubious concoctions of my own cooking.

It all started when my father announced a desire to spend his holidays fishing. This aroused my mother's animal instincts and made her decide on a camping holiday for the family. On the appointed morning, at the appointed unearthly hour, I was forcefully extracted from my comfortable bed, and told to start loading the car. It took us a whole day, but somehow we managed to fit everything in, and only seven hours later, we left an all but empty house.

I hate journeys. This one was about as bad as can be expected, considering that I was sharing the back seat with my mother, four sleeping-bags, our food, four pillows, all my clothes, and a tangled assortment of vicious looking fish-hooks. We reached our fateful destination just in time to see the sun rapidly fleeing from the uninviting spot. Lake Opeongo (it took us the whole two weeks to pronounce it) was a cold, black, menacing lake surrounded on one side by trees, and on the other by a steep hill, marked off into campsites. After my mother had told my father which spot we were going to pitch our tent on, she supervised, while the rest of us struggled with the green canvas monster. Finally the last peg was firmly anchored, and I tested it by walking into it and removing the better part of one well-tanned leg.

It was almost pitch-black when we started to cook our evening meal. My father and brother had conveniently disappeared, leaving my mother and me to wrestle with the stove. Since my mother did not know how to start the delightful little contraption, I had to show her. I showed her. I still have the smell of burnt hair about me. The beautiful coloured brochures of Northern Ontario had neglected to inform us that we were camping in the middle of mosquito season. We soon became aware, however, that the term "hunting season" around Lake Opeongo is reversed.

You are not the hunter; you are the hunted. As soon as our meal began to cook, we were descended upon by swarms of hungry-looking monsters - the biggest and the most ferocious ones we had ever seen. That night I learned the trick of eating and drinking while being eaten and drunk. The idea, it seemed, was not to let the mosquitoes near any exposed skin - that was all very well until you received the call of nature. It was an extremely painful process for me to sit down for several weeks following my very first exposure to Mother Nature.

After a meal consisting mainly of drowned mosquitoes, I braced myself for the ordeal of going to bed. In order to have as many luxuries as possible, while living in the great outdoors, we had brought camp-cots to sleep on. Temperamental camp-cots, I might add. Tired and weary, I collapsed on my camp-cot, which, in turn, collapsed on me. Finally I discovered that, by getting into my sleeping-bag before

lying on the bed, I could prevent the bed from closing upon me like a pair of iron jaws. Extended, rigid like an Egyptian mummy, I awaited the longed-for sleep. Everything was peaceful and still. Suddenly a piercing scream rent the air, and I catapulted upright, only to be devoured by the waiting jaws of the gaping monster. Disengaging myself from the predatory beast, I struggled vainly with the zipper on my sleeping-bag, and then with the zipper on the tent. Several blue streaks and finger nails later, I emerged to discover a lively group of Indians chasing their squaws around the boat-house. They were all beautifully merry, and this somewhat hindered the speed with which they chased their buxom belles. This was too much for my father. He spent the rest of the night standing guard outside of my tent, armed with a torch and a rather pathetic-looking tent peg.

I returned to bed. Unfortunately, in my haste to evacuate the tent, I had left the zipper undone, and, when I was once more immovably encased in my shroud-like sleeping-bag, I discovered many delighted mosquitoes all voraciously preparing to dig in for the banquet. The rest of the night I spent miserably, fitfully snatching a few minutes' sleep here and there, but mostly lying wide awake, my eyes terrified and bulging, armed with my trusty fly-swatter, and prepared for the onslaught of the mosquito army.

The next morning I was up bright and early, after being wakened from an exhausted sleep by a flock of happy little birds. Examining the success of the enemy the night before, I gave up trying to count the casualties. I decided, right then, that as long as I lived I would never submit my children to the dubious delights of the great outdoors, for if Nature were to answer the question "To Be or Not to Be?" in my case, she would undoubtedly answer in the negative.

Jennifer Amor, 13C

## The Perfect Pet, Poem No. 2

Consider the fish a household pet;  
You have nothing to do but keep him wet.  
His bearing is good, his manners are neat,  
His face is clean, his breath is sweet.  
He does not bark, he does not sing,  
He does not bite, scratch nor sting.  
He doesn't shed feathers, fur nor hairs  
All over the couch, carpets and chairs.  
You never find him underfoot;  
You give him a home and he stays put.  
He asks but little here below,  
Just food to eat and room to grow.  
If either of these he is denied,  
You will find that he has quietly died.

- Jeff Skinner, 12C

Oh, the promises of Spring! They are as fickle as a flirtatious girl, one minute raising your hopes to a summit, the next dashing them back to the still frigid earth.

Many are the fading sights of winter, familiar but no longer welcome. One by one the robust snowmen bid pathetic good-byes. All the tediously cold season they have presided over back-yard hockey games and snow-fort battles. Vanishing, too, are the intensely ruddy cheeks, the tightly wound mufflers, the fleecy boots and the hearty laughter echoing sharply over glazed hills. The cheerless, chilly mornings with their hot cereal and frozen butter to the tune of fathers frantically trying to start stubborn automobiles become but shady images, best not to be recalled.

It is more satisfying to contemplate the delights of spring. The first warm day finds youngsters making mud pies, young people engaged in sun-worship while their elders attack spring cleaning or repair the lawnmower. Tiny shoots, heralded by the yellow sun, peep shyly from the moist black earth. The robin hopping gleefully over the lush green lawn, nods at old Mr. McArthur. His gait has taken on a new elasticity with the discarding of his monstrous overcoat. Tossing aside their jackets, children joyfully return to skipping-ropes and baseball bats. But it appears that someone is missing. Yes, Andrea, the charming little French girl is gone - killed in an auto accident on Boxing Day. For a moment our eyes cloud and our smiles fade. What a shame she will never again feel the gentle breeze through her silken hair or laugh at the bobbing ducks in the pond at the park. As if to compensate for the melancholy, our eyes find an appealing attraction. The upward glance reveals a young couple utterly entranced with each other. She giggles softly as he squeezes her hand. For them it is truly spring: the spring not only of the year but also of their lives, of their love.

Sharing brings out that which is most desirable in spring. Nature demonstrates this annually. Old Sol shares his warmth with everyone and everything. He is repaid by healthy, glowing faces, enduring trees standing tall to adore him and turquoise lakes - the jewels of his own creation. Birds relate to each other tales so happy that they burst out in exuberant song. Water rushes eagerly into new roots, and luxurious growth results. The rivers, lakes and oceans send out their magical chants enticing all from far and near to revel on their shores. They come: toddlers with their grandmothers, girls with mysterious beach-bags, boys with scuba gear, dogs with floating bones; life guards need bring only themselves. Everyone shares: the children share their shovels and buckets, the grandmothers dole out lemonade, the girls soothe sunburns while young men "hand them a new line". Dogs spread water and chaos wherever they stray. Of course, everyone shares his salad and fried chicken with the ants and other abominable pests, but that is expected and is an integral part of the ritual which we love.

But this is nostalgic sentimentality, for as yet, the carefree days at the beach are merely treasure ships on the horizon. They are following the birds on the long trip north. Old Man Winter will work his hardest to delay the arrival, sending gales and blind-

ing snow. These onslaughts barely daunt the ships of Spring which skim swiftly home to us. Now and then we are aware of conflicts or skirmishes between the factions, but Winter is aged and weary while Spring is vigorous in her youth.

- Margaret Oloman, 11A

The Seagull. Poem No. 3

I sat beside my window on a peaceful misty day,  
And thoughtfully watched a seagull as he sailed around  
the bay.

He landed on a low, worn rock protruding from the sea  
And watched the foamy waters for a fish that he might  
see.

He didn't seem to have a care or thought for anything  
else.

But sat there still and waiting like a doll upon a shelf.  
And then there was a piercing scream that broke this  
peace so rare,

And the seagull, greatly frightened, flew off shriek-  
ing through the air.

The reason for his rapid flight? This I cannot say  
But he never did return to that rock within the bay.  
And now on peaceful misty days, I sit and watch and  
wait

For the seagull to return again from his unknown fate.

-Katny Clegg, 11F

## WRITE A POEM!

"Write a poem," the teacher said.  
For him it might be easy.  
My mind is not poetical  
For rhymes so light and breezy.

What could I write about, I thought. . .  
Rain, or snow, or flowers?  
I couldn't rhyme a single thing,  
Although I tried for hours.  
-Mack Shepherd, 12C

---

## THE BATH TUB RING

Ever since primeval man began to notice that he had more friends if he washed himself regularly, he has been plagued by an enigma that has remained unsolved for centuries -- the bath tub ring. This problem has bothered man for more years than women. The reason, of course, that you haven't heard more about this puzzle is the fact that no great historian had the courage to write about it. How would it have sounded if Herodotus, instead of writing about the Persian Wars, had written a book entitled, "The Glory of the Athenian Bath Tub Ring", or "Around the Tub with Athenian Dirt"?

Since I am on the topic of historians, I may as well give a little history of this ring. To begin with, it was discovered by a Mesopotamian prince while he was taking his Saturday evening bath. So amazed was he at this apparition that he immediately inaugurated a new religion based upon bath tub rings. Its chief priests were called "ring leaders". This new religion flourished for many years until it suddenly died out. No definite cause has been given for its failure, but it is believed that a century long drought in the area of its origin put an end to bathing, and consequently this great religion. However, even though the religion died out, the ring still rang on.

Roman curses were heard for the ring, too. Imagine the problem of a Roman-bath owner, after a legion of dirty Roman soldiers had just used his bath. As a matter of fact, even today the rings around the Roman bath tubs can still be seen amongst the ruins.

It isn't difficult to see that all through ancient and modern history man has been plagued by this ring, which brings us up to present time.

The great scientific minds of today have analysed the bath tub ring to discover its composition which is: soap, body oil, dead skin, plain dirt, enamel (from the bath tub side), and water of hydration. There is also a small amount of a substance which prevents the ring from being scoured away; the scientists have lovingly clubbed it K-nine-P. It is this substance in the bath tub ring which makes it beneficial and yet so useless. The B.T. ring is beneficial because many people earn their daily bread producing products to wash it down the drain. These products, unfortunately, are next to useless.

The other day while undertaking a bath, I timed the whole operation. To run the water, climb in, sponge off, step out, and effloresce took exactly three minutes, nine seconds. To let the water out and dispose of the bath tub ring took seventeen minutes, six seconds. That's a pretty bad time, especially when you consider I didn't remove my clothes during the whole procedure.

However, you don't have to spend half the night washing out the bath tub if you use that wonderful new invention - bath tub ringless soap. What a boon, and what a fake! Do you know why they don't leave any bath tubing? Well, I'll tell you. They don't wash any dirt off you. You enter and leave the tub in the same state of uncleanness. You may as well be dry-cleaned and save the water.

Do not despair, though. Enterprising and exasperated scientists and mothers have come up with several solutions for the problem.

The first is to buy a coloured bath tub, preferably one in a mottled grey colour. Unfortunately, the coloured ones aren't as popular any more because coloured soaps were invented and produced clashing, coloured bath tub rings. Check next time and see if it isn't so.

The second, and perhaps not so well-known solution, is the one dear old Mother created. A small can and brush was located on a shelf above the tub. When the bath was completed and the water drained off, the brush was dipped in the can which contained white enamel paint. A few strokes of the brush, and that nasty old bath tub ring had vanished. (And, too, it took twenty-one seconds!). Mother's formula worked admirably but it had to be discontinued because dear old Dad went to work too many times with a big white ring disfiguring the back of his neck and arms.

The third, and most obvious solution, is not to bathe. But that puts us back at the beginning with prehistoric man. And so, it seems as if man will never get rid of his bath tub ring. He will carry his problem to the stars.

- Doug Cowan, 12B

## JOY, Poem No. 5

I give you now a Mr. Soyer,  
A conscientious little lawyer.  
He wired a client of his one night:  
"Your mother-in-law passed away to-night.  
To you I know it's such a sensation;  
Shall we order burial, embalming, or cremation?"  
The client could not help but smile,  
The first one since walking down that aisle.  
And although he knew that he was free,  
He wired right back: "Take no chances.  
Order all three."

- Fred Stevens, 11B

## THE PHANTOM OF REVENGE:

The autumn haze lazily suspended its grey cloak over the still forest. From the towering pines filtered the sound of contented birds preparing for sleep. Flowers of all shades, sizes and shapes closed their protective covers about them for rest. Then it happened! A flash followed by the roar of a powerful rifle echoed through the stillness. An ear-piercing scream of anguish, then death followed.

My name, Arthur Westley; my occupation, exploring into the supernatural. The above excerpt is from the files of one of my most baffling cases, "The Phantom of Revenge". Yes, I still remember that horrifying day some seventeen years ago when a madman burst into my office raving with fear. Incoherently, the wretched human form related to me a tale so absurd and so frightening, I hesitated at first to believe him. Paying closer attention, I discovered that this man meant every word he spoke and that he was "dead" serious. The incredible episode went as follows:

Two men, both of whom were avid sportsmen, rented a small cabin in the northern extent of their home province, Ontario. They had waited, planned, and counted on their two weeks free from the turmoil of office work to escape to the northern "back country" to fish and hunt. Neither man had suspected that their happy, carefree vacation was going to turn into a nightmare.

They arrived at the old lumbering cabin which had been inactive use by lumbermen until the government had restricted the area for the sake of conservation about eight years ago. Anxiously the two men emptied their carload of supplies and quickly put the settlement to active use once more. After this preparatory task was completed they both relaxed on the double bunk and discussed their plans for their first outing the next day.

The dawn came early the next morning and already the sportsmen were preparing for a day of hunting in their secluded paradise miles from nowhere. With their two "Enfield - .303's" strapped on their backs, they set off into the deep forest. Cautiously they broke the entanglement of growth about them in hope of scaring out any form of life. Jack Curry, the elder of the pair, had his trusty rifle ready for any unfortunate forest-dweller who might cross his path while Ed Barlow, his companion, beat the bush about him to flush out their prey.

Approximately two and a half hours later, the men spotted their first game. At a silent, stealthy pace they stalked their victim until they were in rifle range. Ed's alert glance registered a small, unaware fawn taking a drink by the edge of a tiny fresh-water spring. Turning to his partner, Ed told him that it was only a baby deer and that they should move on and look for larger game. Jack shook off his friend's advice, advanced a few paces, raised his powerful weapon and fired. The first shot caught the defenceless creature in the head, and it dropped lifelessly to the forest floor. Unable to believe the cruelty of his meek friend, Ed burst out in anger; but, Jack paid no attention, and strode toward the carcass of the dead animal, and for some reason, fired three more bullets into its bleeding skull. Why, thought Ed as he caught up to Curry, who had already started off in another direction looking for game. Why?

Three days later, Barlow noticed a strange change in Jack's attitude towards life. He had repeatedly killed even the smallest form of life he came in contact with, and this didn't disturb him in the least. Yet, back at the cabin after each day's "slaughtering" and without the high-powered rifle in his grasp, Curry regained his role as a meek, friendly companion.

The final day before their return to civilization found the two men once again preparing themselves for their last day's hunt. This day they walked more quickly, and covered a greater distance than any of the previous days. It wasn't until about four-thirty that they were ready to return to the camp some fourteen miles away. The two men hadn't seen anything, not even a squirrel or even a bird, which was extremely odd after covering so much area. Then they saw it. Perched high on the branch of a sturdy white pine, the vague outline of a huge cat could be seen. Frantically Curry raised his sights on the great animal and fired. A direct hit. Waiting breathlessly to see his victim drop, Curry began sweating and mumbling. Then he looked up again and saw the strange beast still on its perch. Again and again he fired and every shot was a dead hit. Fear gripped the two hunters who then started backing away from the tree. After stumbling backwards about twelve yards, they both turned and fled. It was at that moment that they heard a deafening screech, and spinning about saw the huge form drop from the tree.

Cautiously, after they both had regained their strength, they went back to the spot where the creature had fallen. After making sure the animal was dead, the hunters scanned the enormous features, and both counted thirteen punctures on its body. Curry had fired a total of thirteen bullets and the enormous carcass accounted for every one. One bullet in the head should have been enough to destroy the beast, yet there were seven punctures in the skull before it had fallen. What made this animal hold on to precious life so long? Why?

The sky was no longer lit by the sun when the men had covered the distance back to the cabin, and while Barlow still pondered over their experience, Curry gloated loudly. If Barlow hadn't stopped him, Jack would have dragged his catch, which must have weighed at least nine hundred pounds, all the fourteen miles back to camp. After insanely dragging the carcass about two miles, Barlow insisted he leave the animal in a deep, protective ravine and cover it with a shelter of large boulders. Curry wanted no part of it, but after a lengthy debate, had agreed. Then, in the seclusion of their cabin, the two men stretched out for the night.

At two-thirty that final night, the climax of their unforgettable visit to the once undisturbed and silent forest came to its peak. Insane screams and clawing broke the still night. Some supernatural force was

## THE PHANTOM OF REVENGE

attacking with all the ferocity of hell and the two human forms of groping fear fought a losing battle with sanity. Guided by a tremendous magnetic force, Curry sprang from his mattress shelter and advanced, unable to stop, towards the door. His mind and body were snatched savagely away by something outside the dark cabin, while inside, Barlow fainted with fright. Then it was over.

The morning announced itself brightly through the windows and the open door of the cabin. Ed Barlow pulled himself together, and surveyed the surroundings. Curry was nowhere to be seen. Dressing quickly, Barlow rushed out to the cabin front. There, stretched on the blood-stained ground was the mutilated body of Jack Curry, and lying triumphantly beside him was the carcass of that same animal which had been left to decompose some twelve miles from the camp-site. At a quick glance Ed noted that Curry's hair was snow-white, and his eyes were almost breaking free from their sockets. Without wasting any more time, Barlow gathered together his belongings, and sped madly from the scene of that unforgettable nightmare.

Thus, I close the file on one of my most mysterious cases, and still to this day I wake up at nights trying to explain to myself what really happened. The supernatural is very complex and baffling; maybe you can come up with a sound explanation.

- Don Cowan, 10B

## THE TIME HAS COME

The time has come to say good-bye and go our separate ways.

The time has come when we must part for many, many days.

We must remember, though we part, our thoughts are still combined;

Our dreams of future happiness go with our past entwined.

Remember only we were friends, we helped each other out;

Though unkind words we sometimes spoke, of love we left no doubt.

The joys we shared will never fade, as daylight into night,

They will live on throughout the years and always reach their height.

And now, without one backward glance,

I'll go and say adieu;

Who knows when with the aid of God I will again meet you.

- Brigitte Kaiser, 10B

## EVENING TIDE

Short Story No. 2

As I sat on my boat, the "Evening Tide". I could hear the waves gently lapping against the sides. I remembered that evening, many years ago when I had sat on the same spot on the boat in the Pacific.

Memories floated back on the waves of time. Her name had been Yvonne. She was French, as her name implied. We had spent many good times together; splashing in the surf on the Riviera; skiing in the Alps; horse-back riding in the hills of Wyoming. Yes, those had been good times, but now they were gone, only memories, only thoughts to be recalled when wanted.

She had hair the colour of a raven, eyes of the deepest blue. Now she was gone, never to return again.

I remember, too, the day she went. The sky was overcast, a dismal shade of grey. The sea was rough, and hot; moist air surrounded us.

"It's not as nice as yesterday is it, Ralph?" she said.

"No. But it will clear up after a short rain." I replied.

"I hope you're right. I feel restless and uneasy in this type of weather."

"Don't worry. Yvonne. This boat will see us through."

Later, we went down to the dining-room in the bow of the ship. Above us, I could hear the jib-sail fluttering in the wind, where a cord had come loose. James, my servant, friend, and crew, brought us each a drink of his own concoction and we drank it by candlelight, so as to save gasoline for the lights during the storm to come.

Seagulls were no longer screeching. They had flown inland to escape the fury of the high winds and rain.

If only I were a bird, I thought then. To be able to go anywhere I pleased, no care in the world. To be free!

"What are you thinking about, Ralph?"

"About birds, the land, the sea."

Suddenly, as if turned on by a switch, the storm began. Unleashing all its fury, the storm hurled bottles from their shelves. The bird-cage lay on its side, the bird dead.

Yvonne fell to the floor, hitting her head as she did so. She quickly got up again, however, and mentioned to me that we should make fast everything on deck so that we would have no losses and make sure that the sails were lashed tight.

We ran up the steps. Before us was the mast, crashing down upon us, knocking Yvonne over the edge of the "Evening Tide". She was gone. Never to be seen again. Never... never... never.

- Sybille Schonfeld, 9T

## NOCTURNE #9. Poem No. 7

See how sweetly ends the day:  
With mournful sadness the setting sun  
A celestial teardrop, slowly runs  
Down the face of Heaven

See how gently falls the night:  
It flutters down on dove-like wings  
And settles slowly o'er all things  
Velvet twilight shadows.

See how brightly shine the stars:  
The limpid lanterns of the night  
Are sending out their stellar light  
Heralding Diana.

See, Diana climbs the skies  
Towards her firmamental throne,  
And all of worldly wealth lies prone -  
Slave to Nature's beauty.

- Jennifer Amor, 13C

Charles II once lamented "oogie ruden pour ferus gloop". This translated is "Wert youp tyiegh sup sip sop". This means. "That stupid clod Jimmy is gonna travel again". In three years he was right and Jimmy was wrong.

Jimmy II tried to be a menace of a king from 1685 to 1688. He was a good man but, unfortunately, a bad king, this being not good, was very bad. His main aims were down the barrel of a 22; however, his secondary policies were:

- A- to restore R C ism.
- B- to bring back the position of the king (throne).
- C- to find men of his own calibre (45) and kill them (with a 22).
- D- to repeal the Test Act, which said that the monarch (not butterfly) could be tested on British history any time (he didn't know this) (like me).

When the outraged Jimmy dismissed parliament they ran to the old swimmin' hole (to swim, maybe). Anyhow this was his first step to exile.

In May, Jimmy passed the Acts of Indulgence and Toleration:

Act of Indulgence: stated that everyone shall indulge in liquor sold only at the palace, by the king, for the king

Act of Toleration: said that the king would not tolerate anyone coming to his palace

Jimmy might have stayed on the throne until he died because he was an old man and King Williamandmary, who was king of Holland, both a good man and a good king, was next in line for succession (not pertaining to success).

However, about this time Mrs. Jimmy had a son. It was said that he was a girl and that the cannibals in the kitchen had smuggled him out on a warming plate and he was brought in, in his place (see?).

When this happened the Whigs\* and Tories<sup>o</sup> invited King Williamandmary to come to England and bring with him a revolution - (glorious, if possible), which he did.

Williamandmary didn't want the British arms (or legs) for himself, but so that he could use them to build a blockade to keep Louis XIV & Co. out so that they couldn't sell French goods in Holland at a cheaper price (French-Dutch relations being what they were)

For a few weeks a Catholic wind kept the Dutch fleet in harbour but soon Mother Protestant came through and Williamandmary's fleet came zinging across the channel (4). Unfortunately his kingship had forgotten his troops; so he sent a runner back to get them. He found out later that his runner was Jimmy, but Jimmy made a mistake too; he brought back the Dutch army.

When Jimmy found this out, Williamandmary was attacking; so Jimmy took off in a Boeing 707 jet, but Williamandmary had thought of this and had a Douglas skyrocket ready, but Jimmy had thought of this and wired its ignition so that it would blow up.

\* Whigs were a political party (not to be confused with Party) so called because they were bald and wore whigs.

<sup>o</sup> Tories were the opposition and were excessively hairy. Under these conditions a glorious revolution was inevitable.

After Jimmy left, Williamandmary became king. When he became king, parliament passed the following bills:

William of Rights: ranks with the Magna Garter, and the Position of Wrongs. It said that everything the king did was illegal and furthermore that the king had to live the life of a dog.

Mutiny Act: stated that all sailors in the Royal Navy could commit mutiny (except on the ships Caine and Bounty).

Coronation Oath: said that any king, on his coronation, shall stand on his head, bounce 4-6 times, yell out "Creedo", and fall into a six-foot pit.

Act of Settlement: stated that anything to be settled was to be settled in front of parliament at the fee of £ 800.

Act of Union with Scotland: said that England and Scotland were to be tied together (with 1/2" hemp) all along the Anglo-Scotch border.

The Act of Union gave 120 seats in parliament to Scotland. Unfortunately there were only 100 seats; so the Scots only got 45. They were happy because they were full of their own whiskey (Scotch).

#### TEST ON THE GLORIOUS REVOLUTION

1. If you were Charles II, what would you have lamented?
2. What calibre are you? (be honest)
3. If you were a parliament at the swimmin' hole, what would you have done? (think)
4. Do you indulge? (I've been watching you)
5. Write a brief essay on "I like Williamandmary because....."
6. What would you do if Williamandmary was marking this test?
7. If you were Jimmy would you be: -A- angry?  
-B- mad?  
-C- dead?
8. What would you say if Williamandmary called you a stupid clod? (be profane)
9. Are you bald? Do you wear a whig? (candidates over 45 need not answer this question)
10. How many arms and legs have you? (don't look)
11. How can you be so numb and vague about it?
12. Discuss in Latin or Greek (but, of course, not in both) Jimmy's flight.
13. Conjugate briefly the advantages and disadvantages of Jimmy's blowing up the rocket.
14. Are you insane? (answer in block capital letters)  
- Peter Fowlie, SJ

#### NIGHTFALL

The strife of ages yet untold  
Continues now again;  
The darkness tries a hold to get  
And light fights stills to reign.

But darkness wins, for night must fall  
And put the earth at peace;  
A weary world must rest awhile,  
And anger must be ceased.

The pale gold moon shines down on all,  
The gentle winds caress the trees,  
And stars light up the skies.

The petals of a scented rose  
Fold slowly as they hear  
The soothing songs of nightingales  
Singing to them here.

The creatures in the darkened  
Who search for food each day,  
Lie down to rest while up above  
There sits a sleeping Jay.

The twinkling stars, the winking  
Watch over all the land,  
While all below is quiet now,  
Peace has the upper hand.

- Brigitte Kaiser, 19

## HOW IT ALL BEGAN

The snow fell unceasingly, relentlessly, covering everything and obliterating everything.

Inside the research station, the warmth from the many radiant elements could be felt in every room. Every room, that is, except for one small cavern, right at the back, which was dug into the side of the mountain. In this room, which was sparsely furnished with a chair, a table and two low bunks attached to the wall, the temperature stood at thirty degrees below zero.

Eve Martin fastened the last zipper on her parka and turned to her husband of two days, "Ready, Adam?" she asked. "Is the timer set?"

"Everything is in order, darling. In exactly one half hour we begin the experiment. George, are you sure the food ration is sufficient?"

George Carson smiled. "Adam", he said. "We've checked and experimented a thousand times. Two adults in a state of suspended animation should be able to live for the specified time on the food provided".

"Do you really think the experiment will work?" asked Eve.

George thought for a moment. "I certainly hope so", he answered. "If we find that human beings can be placed in a condition of hibernation for prolonged periods of time, our scientists can do a great deal towards increasing our life span."

Adam looked at his watch. "It's time, Eve", he exclaimed.

The two Martins said goodbye warmly and entered the cavern. After they had gone, George Carson closed up the station and prepared for the long trek down the mountainside. It was cold and the wind howled without mercy around his ears.

"Only a little farther", he reminded himself.

Suddenly, he realized that the snowfall had been so great that nothing was familiar. He didn't know where he was! The path down the mountain was gone and he was alone with nothing but the screaming of the wind and the swirling snow.

In the cavern at the research station, the Martins huddled together for warmth. A fire had been built in a pit near the back of the cave and they took turns warming their faces and chapped hands.

"Adam, do you think it's worth it? What if we die?" Eve questioned.

"It's all in the interests of science, dear. When they come up here to dig us out, fifty years from now, we should be alive and perfectly healthy. The experiment worked on animals---"

"But we're not animals," Eve said, her voice shaking.

"Try to get some sleep, dear", Adam soothed.

Eve stretched, yawned and sat up on the bunk. The automatic timer was buzzing insistently in a corner.

"Adam, wake up", she urged.

"It's happened! We're alive and it's 2013 A.D.!"

Adam smiled groggily. Suddenly, Eve leaped out of bed and ran over to a panel of telephones set in the wall.

"I'm going to call all of our contacts and see how soon they can come for us," she said.

As she tried the phones one by one, a mounting fear crept over her face.

"No answer".

As she dialed the last phone, her fear turned to horror.

"This is a recorded message. A mysterious disease has spread throughout the world. We cannot control it. When you awake, you will be the only people left on earth. Remember us. Good luck. Adam and Eve!"

Outside, the snow fell unceasingly, relentlessly, covering and obliterating everything.

- Mary Johnston, 10A

## POEM NO. 9. LIFE

Life isn't hard as some people say;  
Life isn't hard; it's kind and gay  
Rainy days come but they never last.  
And troubles are created but soon are past.

Some people live their lives in fear  
And they miss the things that are good and dear  
They see only sadness and darkness ahead;  
So their poor little outlooks are all done in red!

Life can be happy and friendly and bright;  
Life can be lovely if we live it right.  
The troubles with us -- it's not with our life --  
It's people that cause all the sorrow and strife.

If only you'll smile and dance and sing,  
You'll find that there's fun in most everything!  
Laugh and be happy! Don't ever be grim;  
Life isn't empty, it's full to the brim.

- Gloria Stevens, 11F

## BROWN AS IN FRENCH

I'm a French lad among de Englishmen;  
I'm shy an' I don't speeke moche,  
But I wish a brown-eyed English girl  
Would show me de magic touch.

Quite a reputation de Frenchman 'as,  
Not too many 'ave real ones' names;  
But come along on a date wit me  
An' you'll see I'm sadder tame.

I 'aven't ad a date since I leff my 'ome town;  
De liddle French girls juss aren't around;  
So de English girl I'll 'ave to tak,  
But 'urry up, for goodness sak.

I lak brown 'air, and I lak brown eyes,  
An' girls of de medium weight.  
So if good English I learn to speak,  
De dark-eyed girls I'll overtake.

I 'ave my dark-eyed girl picket out,  
An' my English I am brushing up;  
Now all I need is a Saturday night  
An' a shiny convertible to pick 'er up.

- Arnel Ranger, 11B

## EN ESSAYANT D'ETUDIER

Etes-vous normal? Etes-vous une personne qui aime à causer avec vos ami(e)s pendant que vous déjeunez dans notre lycée fabuleux ou pendant que vous marchez de classe en classe (ou pendant la classe elle-même). Etes-vous, peut-être, une personne qui, à huit heures chaque soir, téléphone à un(e) autre lycéen(ne) et lui parle jusqu'à neuf heures et demie? Etes-vous, en effet, un(e) Canadien(ne) typique? Si vous êtes une, ou plus d'une, de ces sortes de personnes, vous êtes donc comme moi -- c'est-à-dire, vous n'aimez pas étudier et vous le trouvez difficile.

La plupart des étudiants, à compris moi se disent toujours: "Je vais commencer à vraiment, étudier au moins cinq semaines avant les examens prochains". On se dit ceci pendant toutes les années que l'on passe au lycée. Réellement, pendant les quatre années avant la treizième année, on commence d'ordinaire à étudier un ou deux (ou trois?) jours avant chaque examen. (Ne me frappez pas trop fort, s'il vous plaît.) Vrai, pendant la onzième et la douzième année, on se rend plus furieux, mais d'ordinaire, cela ne fait rien.

Même si le lycéen typique se donne assez de coups de pied (trop souvent, quelqu'un d'autre et de plus vieux décide de vous aider à vous faire cela), c'est encore une tâche difficile de rester, tout seul, dans une chambre et d'y commencer à faire de la concentration. On préfère écouter la radio, regarder par la fenêtre, dormir, ou lire "Pinottes", "Jeannot Lapin", ou quelque chose d'autre. (On préférerait, si c'était possible, jouer à un sport.) En effet, on préfère faire quelque chose d'autre que d'étudier -- n'importe quoi!

Si vous êtes comme une des personnes que je viens de décrire, vous êtes comme moi et donc je vous dis: Bonne chance, vous en aurez besoin.

- Dale Cooper, 12A

## UN SOUVENIR DE MON ENFANCE

Comme la nuit tombait, j'étais assis dans mon fauteuil devant la cheminée. Fatigué comme toujours, car la vie d'un adulte n'est pas toujours facile, je songeais à un petit incident qui s'était passé de bon matin. Pendant que je conduisais au bureau, j'avais vu un garçonnet qui avait couru rencontrer un facteur. en le voyant, je me suis souvenu de quelque chose de mon enfance. Mes yeux se fermaient lentement et devant moi je voyais la vieille ferme.

Oui! La vieille ferme, à quinze milles de la ville, où nous demeurions. Devant l'étable étaient les chevaux - nous n'étions pas riches et ainsi nous possédions les chevaux au lieu d'une auto. A cause de cette pauvreté, nous n'avions aucun livre sauf la bible et de vieux almanachs. Heureusement, mon ami le facteur venait chaque jour chez nous. D'habitude, il n'avait rien pour nous, mais il me permettait de parcourir des revues avant qu'il le livres.

Quand je le voyais au coin de la ruelle, je courais le rencontrer. Puis, souriant, il déposait son sac et sortait les revues précieuses. Tout de suite, je les

saisissais avec empressement, car les images là - dedans m'emportaient sur un tapis enchanté. Un moment je souffrais dans le désert avec des traves; le prochain j'étais au milieu d'une métropole. Je visitais ainsi les édifices les plus célèbres, les jungles les plus épaisses et les paysans les plus magnifiques. D'ailleurs, je rencontrais des personnages fameux et intéressants - des ouvriers, des avocats, des fermiers, et des politiciens. Mais bientôt, trop bientôt pour moi, j'étais remporté de mes rêves, car le facteur ramassait son sac et y remplaçait les revues. Tristement, je le regardais descendre la ruelle et quitter la ferme.

Le feu s'est éteint. Je suis monté à ma chambre, et après on être couché je réfléchissais que c'était différent après on est devenu adulte. On n'aime plus voir le facteur. car il ne porte que les factures!

- David Cluff, 11A.

## DER MOND

Seht, wie der Tag so schnell zu Ende geht  
Wie eine Blume, die gegen das Ende des Tages  
fällt -  
Und der Abend tritt mit leichten Füßen zu uns.

Wenn die stille Nacht die Erde mit ihrer Decke von  
Schlaf deckt  
Hebe ich die Augen gen Himmel  
Und denke an Gott.

Seht Ihr den Mond, der aus fernen Bergen kommt  
Gleich einer schönen Jüngfrau, jung und frisch  
und voll Leben?

Der silberweisse Mond geht langsam auf  
Und macht mir einen silbernen Pfad auf dem See  
Und führt mich, ich weiss nicht wohin.

Der Mondschein auf dem Wasser ist ein Pfad  
Und der silberne Weg reizt mich  
Und ich will darauf wandern.

Ich weiss, dass er mich in grosse Fernen führt  
Und vielleicht zu Gott.....

- Jennifer Amor, 13C

## SCIENCE CLUB DANCE

This year's social life at Nelson was put into orbit by the "Atom Smash". This appropriate theme for the science club's dance attracted a great number of our students. We were especially happy to notice that so many of our grade niners started off the year properly by attending this dance.

The activities were held in the cafeteria and the large crowd had no trouble keeping everything hopping and twisting all night.

## THE GRADUATION DANCE

After the graduation exercises in the auditorium a special dance was held to honour the new grads.

The superb decoration created a wonderful atmosphere in the girl's gym. The false sky was composed of blue and white streamers interspersed with sparkling stars which glittered in the lights. The centre folding wall held large stars, each with the name of a graduate upon it.

This dance was open to students of grades eleven, twelve and thirteen only. The music was ably supplied by the Ferri orchestra.

At one point a number of the Queen's University students (Mary-Jean Hunt, Gypsy Wright, Larry Wiertz, John Nicholson, and Bill Stafford) showed a good deal of school spirit by singing their school song.

Thus, Nelson's third graduation dance proved to be very successful.

## SADIE HAWKINS DANCE

Once again Dogpatch returned to Nelson's gym on October 26th of this year. We were glad to see that most of the girls in the school were successful in driving or dragging their favourite male to the dance and a record crowd resulted.

The appropriate atmosphere was created by the colourful figures of schmoos, pigs, a giant-sized Daisy Mae, Little Abner, Honest Abe, Ma and Pa Abner and other Dogpatch friends, including Debbie Fink. The couples came garbed in their oldest jeans, straw hats, bare feet, home-made pigtails and freckles. They danced among the bails of hay and around an old, overgrown well which dominated the centre of the floor.

The main attraction of the night was the M.C. We were fortunate enough to have Ron Smith from CKOC who kept everything at a lively pace and organized many bunny-hops and spot dances. At intermission doughnuts and Kickapoo joy juice were served in the cafeteria. Many of the couples wandered back into the gym and had a sing-song before the dancing resumed again. Each girl brought her boy a vegetable corsage and Miss Bentley and Mr. Sloan had a great deal of trouble deciding which corsage deserved the prize. After much deliberation they picked a peculiar arrangement on the basis of its originality.

There seemed to be a good crowd all night around a certain house in the corner of the gym. Yes, Marrying Sam was kept busy all night and it seems that Sam (alias Doug Cowan) had no trouble convincing many couples that the terms of his life-time contract were quite desirable.

Miss Bentley and the senior and junior cheerleaders deserve a great deal of credit for their organization and running of one of the best Sadie Hawkins Dances yet.

## CUPID CAPERS

The Girls Athletic Association sponsored a turn-out on February 15th which was appropriately called the "Cupid Capers". Many of the girls invited their favourite Valentine and so another good crowd turned up.

The Valentine theme was carried out by the red and white streamers and many cupids and hearts which surrounded the room. A giant silver heart hung from the centre of the gym and it was accented by the red and white spotlights.

The dance ran very smoothly with the help of our two MC's, Doug Cowan and Dennis Wilson. They did an expert job and we found their little stories quite interesting.

The intermission refreshments consisted of pop and doughnuts.

Many prizes were won by the students. Quite a few spot dances were held and in most cases the lucky couples got L. P. Records. However, the door prize, a hair-do for the girl and a hair-cut for the boy was the main attraction.

A great deal of thanks must go to the girls who worked so hard to run this dance and made it so successful.

### SAYING

"if monkey gland did  
restore your youth  
what would you do  
with it  
question mark  
just what you did before  
interrogation point"  
-don marquis

## THE TEA DANCES

The student parliament organized the tea dances again this year. They met with a great deal more success than last year's efforts. A great many of the students found these dances an enjoyable way to pass their time waiting for their buses.

Two of the most successful dances were the Rossa

nova Rock and the Hearty Swing. The latter was a special tea dance and our own dance band provided the music.

The Student Parliament spent a great deal of time organizing these dances for the students and they were repaid by a good attendance at each dance.

### THE CHRISTMAS DANCE

As is the custom, Nelson's winter term was ended with our annual Christmas semi-formal. The theme of this year's big dance was Silver Bells. The student parliament worked very hard to transform the gym into a winter wonderland. Red streamers encased the band shell and formed a false ceiling. A large mural decorated one end of the gym where several Christmas trees, with sparkling lights added a real touch of Christmas to the scene.

Earl Ray's band provided the excellent music for the night along with a lovely vocalist. At intermission sandwiches and pop were served.

We were also entertained by our favourites - the hitchhikers. Joe Drake, Jerry O'Connor, Ron Cousins and Mike Coomb sang some of our favourite songs and as usual were appreciated by everyone.

Those who attended the dance had a very enjoyable time and the only regret was that the evening ended too soon.

" 'Twas the day before Christmas holidays,  
And all through the gym,  
The kids were waiting for Santa,  
Oh, what a din! "

This was Nelson's gym on the morning of our annual Christmas party.

Therepresentatives of a class from each grade put on skits which were quite amusing or serious, as the case may be. A large group of grade 13 girls sang us Christmas Carols instead of presenting a skit.

The programme was run very well by our MC's Brian Hawkins and Ron Bell. We also had a special guest in the form of a green monster. We later learned that the man behind the mask was Bob Parkhouse.

Our Senior "Hitchhikers", a group of guitar-strummin' men teachers also entertained us. After a great deal of coaxing, the staff sang a few Christmas Carols to the enjoyment of everyone.

Then of course, Santa visited Nelson again. With bells ringing and sack slung over his back, Santa ho-ho'ed his way through the crowd. Some lucky students and staff got presents from Old Saint Nick too!

This year the students attended a religious service before the festivities in the gym began.

Jennifer Amor, Shirley Brown, Peter Smith and Jim Morton were aided by the senior band as they gave us our Christmas message.

THANKS TO CAROLYN RYZNAR  
Carolyn Ryznar deserves a great deal of credit for  
her hard work as Minister of Social Affairs 1962-63.

son, Carol Woods, Marlene  
Seymour.

This is the third year that the girls' sports has been organized on the award system. Although there has been an excellent response to most team sports, the intramural activities seem to be lacking participation again. Perhaps the reorganization of the activities next year would bring about a better response.

The Girls A.A. is each year faced with the job of helping to maintain and improve the girls' sports in Nelson High. This year was no exception. I'm sure the representatives of the A.A. won't soon forget the hectic planning for our dance in February, nor our attempts to squeeze money from the student body. - Carol Woods, President.

#### TRACK AND FIELD

The early publishing date of the Victory has made it impossible for us to report the results of this year's S.O.S.S.A. Track Meets. The members of the school track team show great potential; and we are confident that with hard work, determination, and the coaching of Miss Castle, they will continue to bring distinction to our school.

#### GIRLS TRACK AND FIELD

BACK ROW L-R: Ginny Banks, Diane Walker, Meg  
Gudgeon.

FRONT ROW L-R: Shawn Fergus, Earla Nichols, Verna  
Thompson.

#### SENIOR VOLLEYBALL

FRONT ROW L-R: Peggy McKillop, Pat MacDonald, Marlene Seymour.

#### JUNIOR VOLLEYBALL

BACK ROW L-R: Bev Fugard, Verna Thompson, Lynne McLeod, Marilyn Duncan.  
MIDDLE ROW L-R: Judy Weaver, Grace Sernie, Wendy Kennedy, Carol Dudgeon.  
FRONT ROW L-R: Karen Soden, Shawn Fergus, Roberta Haley.

#### MIDGET VOLLEYBALL

BACK ROW L-R: Lee Jackson, Sue MacMillan, Carol Fraser, Roberta Park, Carol Woods (Coach).  
MIDDLE ROW L-R: Linda Graham, Sue Butt, Nancy Boyd, Sheila Wild, Joanne Olds, Jackie Ditchfield.  
FRONT ROW L-R: Ruth Duncan, Donna Bradley, Esme Crocket.  
ABSENT: Pat Easter (Coach), Jeanette Leroux, Pat Zavodowsky.

### SENIOR VOLLEYBALL

The Senior Girls' Volleyball team, ably coached by Mrs. Cioran, did not produce a championship, but did show terrific team spirit and put forth a strong team effort throughout the season.

### JUNIOR VOLLEYBALL

At the Junior Girls' Volleyball Tournament, the girls tied for first place with Burlington and Perdue. A playoff tournament was held and both our girls and Burlington lost to Perdue. Miss Rupert did a wonderful job as coach and Shawn Fergus was a great captain. The girls played with a keen competitive spirit and arrived home happy.

### MIDGET VOLLEYBALL

The Midget team brought great distinction to our school this year by winning the Zone Championship at Perdue. The girls were undefeated in the six game tournament. Congratulations must be given to their coaches Pat Easter and Carol Woods and the team for their excellent showing. We are expecting great things from them again next year.

### SENIOR BASKETBALL

This year the Senior Girls' Basketball Team, ably coached by Miss Rupert, came within a few points of participating in Zone 1 finals. In a sudden death game, Burlington Central defeated Nelson to go on to battle against Ancaster for the title. In spite of their loss, the Nelson girls displayed fine team spirit and are to be congratulated for their enthusiasm and effort throughout the season.

### JUNIOR BASKETBALL

Nelson can be justly proud of the fine showing made by the Junior Girls' Basketball team this season. The team was undefeated throughout the five league games and proceeded to the S.O.S.S.A. Zone 1 finals where they lost to Ancaster in a two game total point series. The girls wish to thank Miss Castle for her excellent coaching and encouragement without which it would have been difficult to succeed.

### MIDGET BASKETBALL

A Midget Girls' Basketball Team was formed again this year for Grade Nine girls. In a home exhibition game, Nelson defeated Burlington, and the following week the team travelled to T.A. Blakelock for the annual tournament. Under the fine coaching of Miss Sakala, Dianne Dawes, and Jane Hagen the girls made a fine effort and placed third.

THE GIRLS' GYM CLUB  
BACK ROW L-R: Esme Crockett, Carol Seabright, Shawn Fergus, Pat MacDonald, Carol Woods.  
FRONT ROW L-R: April Osborne, Earla Nichols, Ann Beker, Sue Loucks.  
ABSENT: Donna Bradley, Lorraine Griffith, Diane Walker, Roberta Park, Sue Alton, Peggy McKillip, Joanne Waldhouser.

#### SENIOR BASKETBALL

FRONT ROW L-R: Lynda Smith, June Howe.

ABSENT: Pat Easter, Meg Gudgeon.

#### JUNIOR BASKETBALL

BACK ROW L-R: Judy Grover, Lynne Beamish, Sue Wells, Jackie Wells, Pat MacDonald (Manager).

MIDDLE ROW L-R: Marg Carter, Diane Walker, Verna Thompson, Lynne McLeod, Marilyn Duncan.

FRONT ROW L-R: Shawn Fergus, Marlene Seymour.

#### MIDGET BASKETBALL

BACK ROW L-R: Jane Hagen (Coach), Joanne Olds, Suzanne Whitehead, Carol Fraser, Lee Jackson, Christine Goodale, Dianne Dawes (Coach).

MIDDLE ROW L-R: Linda Marsh, Jackie Ditchfield, Shiela Wild, Esme Crockett, Marilyn Richardson, Dale Rimmer.

FRONT ROW L-R: Gail MacIlwraith, Linda Graham, Donna Bradley.

ABSENT: Jeanette Leroux.

SENIOR CHEERLEADERS  
L-R: Janet Hayward, Sharron Grivel, Judy McGinn, Jane Hagen, Linda Tapley, Sandy Wright, Judy Wiertz.

#### THE CHEERLEADERS

The Cheerleaders this year had a most enjoyable and profitable year. Their annual "Sadie Hawkins" Dance was a great success, but their big accomplishment was making a scoreboard. Now, at least the spectators know what the winning "Nelson" score is. School spirit, with the support of the "cow bell's clanging clang", and an enthusiastic cheering section, reached a record breaking high. The Cheerleaders, under the helpful eye of Miss Bentley, and the leadership of their two captains, Janet Hayward - Seniors, and Marlene Seymour - Juniors, worked together to make the "62-63" cheering season a fun-packed, laugh and yell loaded one.

JUNIOR CHEERLEADERS  
BACK ROW L-R, Barb Taylor, Wendy Kennedy, Marlene Seymour.  
FRONT ROW L-R: Peggy McKillop, Darlene Staton, Pat Gratkowski.  
ABSENT: Judy Clarridge.

## JUNIOR FOOTBALL

JUNIOR FOOTBALL PLAYERS - BACK ROW L-R: George Lockett, George Rungi, Jim Gillies, Nigel Musing, Dave Rowe, Peter Foley, Derek Duvall, Mike Rawson, Bruce McCready, Dan Posavad, Bill Gudgeon, Jim Hejtnanek. MIDDLE ROW L-R: Bob Parkhouse, Peter Hollyoake, Gary Allan, Harold Thompson, Rick Waldhauser, Jim Strand, Charles Nixon, David Grover, Jim Morton, Rod Vinter, Mr. F. Geard (Coach). FRONT ROW L-R: Gary Jeffries, Milan Sury, Mark Davies, John Skinner, David MacKenzie, Barry Farrington, Paul Taberner, John Francis.

The school year 1962-63 was only the third one in which Nelson had junior football. However the team went undefeated throughout the regular schedule to finish in first place in the Eastern Division of Zone 1. Except for a few bad breaks in the final game against Burlington our school would have been champions.

The juniors opened the season with an exhibition game against Barton High School of Hamilton, winning 26-19. This game was a valuable one to the boys in order to gain experience. The game was highlighted by a 75 yard run for a touchdown the first play Nelson had the ball.

In the first league game Nelson came through with flying colours by beating Gordon Perdue High School 38-6 on their own field. Both the offensive and defensive teams played superbly for Nelson to win the first one.

Nelson won its second and third games by beating T.A. Blakelock 25-6 and whipping Oakville 40-6.

THE BIG GAME OF THE SEASON - against our new rivals from Aldershot. The suspense for this game was tremendous as it had been postponed once because of bad weather. Both teams played great defensive football as both teams traded punt for punt. However, the

red and gold was once again victorious 15-0.

In the final regular game Nelson defeated the blue and gold from Burlington 14-7.

THE PLAYOFFS - In a sudden death game against Aldershot, Nelson came through by the score of 20-6. The juniors scored a converted touchdown early in the first quarter and never looked back, thus eliminating A. H. S.

The Knights now advanced against Burlington Central in the Zone 1 Eastern Division play-off. Playing in a sea of mud for the second time this year the teams battled to a 7-7 deadlock. The two teams then played two overtime halves but failed to produce a winner.

On November 1 in Burlington the juniors battled for supremacy once again. This time Burlington built up a 20-0 lead by the fourth quarter. The Knights didn't give up the fight and scored two quick touchdowns to make the score 20-13. Time, unfortunately ran out and Burlington advanced to the Zone finals.

Despite the loss the juniors played superb football of which Nelson can be proud. Certainly everyone will agree much of the success was due to the expert coaching of Messrs. Geard, Gosling, and Rogers. Special thanks must go to these gentlemen for their time and effort.

### SENIOR BASKETBALL

Although the seniors won only two out of six games, their determined effort was a credit to the school. Mr. Cioran was able to develop his seven players into a fine ball handling squad. With the shooting of Jeff Skinner and Gary Jeffries and rebounding of Pete Smith they defeated our rivals from Burlington Central and Blakelock. In losing they provided many suspenseful moments especially in losing to the league champions, Ancaster.

Home:	Nelson 41;	Waterdown 54

### JUNIOR BASKETBALL

What the Nelson Knights lacked in height they made up in speed and determination. In spite of a losing season the Juniors played very well and with a few breaks would have ended up higher in the standings. With the shooting of John Skinner, Ray Delegarde and Jim Strand they caused many anxious moments for the opposition, especially in losing to the league champion Aldershot team. Congratulations are in order to the fine coaching of Mr. Fisher.

Away:	Nelson 60;	Parkside 34

### MIDGET BASKETBALL

The midgets were not in winning form this year but went down fighting to the final buzzer. This year's team was one of the more balanced squads as every player played well. The highlights of the season were the 27-26 victory over Blakelock and the 26-25 loss to Burlington in overtime. Mr. Page must be thanked for expert coaching and leadership.

### CROSS COUNTRY

The Nelson track team enjoyed a very successful season and brought many honours to our school.

On Sept. 26, Nelson played host to an invitational cross country meet which saw competitors from Nelson and Burlington. Running against tough competition, Nelson runners won the senior division and placed second in the intermediate.

The following Saturday saw several Nelson runners competing in the Canadian Legion 2-1/2 mile road race at Burlington. Running against a strong and numerous field our athletes captured second place in the S.O.S.S.A. division.

The next event for our runners was at Toronto on October 20, over a 15 mile course. Led by the strong running of Jim Gardner, Bill Burns, Jim Burns, Bruce Westell and Mike Shields, the boys managed to capture a third place standing.

Only four days later Nelson won a third place standing in the S.O.S.S.A. CHAMPIONSHIP, held at McMaster. The intermediate team placed second and the senior team third in this meet.

On October 27, Bill Burns captured second place

in the Canadian Cross Country Championships held at McMaster. A midget team of Bill Burns, Jim Osborne, Pat Bolger and Larry Baker ran well for Nelson. In the juvenile category, Bruce Westell and Bill Szavernaji competed while Jim Gardner and Mike Shields did well in the six mile event. These boys must be congratulated for they brought Nelson a fourth place standing in Canada.

At the school meet the following boys came through as champions:

JUNIOR: (1) Pat Bolger (2) Larry Baker

INTERMEDIATE: (1) Bill Burns (2) Bruce Westell

SENIOR: (1) Jim Gardner (2) Jim Burns

## WRESTLING

WRESTLING TEAM - BACK ROW L-R: Larry Pelletterio, Charlie Nixon, Joe Arbuthnott, Pat Bolger, Jim Gardner, Bill Szavernaji, Mr. W. Burns (Coach).

FRONT ROW L-R: Larry Western, Bruce Black, Harold Thompson, Gord Price, Rick Bryant, Norm Wells, Rod Vinter, Bill Sinclair.

Under the expert direction of Mr. W. Burns, the wrestling team turned in a perfect record. Following in the footsteps of last year's team, the squad won all meets in a manner that left little to be desired.

Standings of the team throughout the season were

Away:	Nelson 46;	Parkside 10
Home:	Nelson 43;	Aldershot 10
Away:	Nelson 43;	Perdue 11
Away:	Nelson 43;	Aldershot 3
Home:	Nelson 50;	Hamilton C 8

On Saturday, January 26, Larry Pelletterio won the 115 lb. event at the Ontario Agricultural College Invitational Wrestling Tournament. Seven other Nelson grapplers competed in the tournament, which featured the best wrestlers from the United States and Canada.

Later in the season, on February 9, the wrestling team travelled to Toronto to an invitational meet held at Earl-Haig Collegiate. Nelson wrestlers completely dominated the meet, coming up with eight firsts, a third and a fourth. Those boys who produced firsts were Richard Toyota, Larry Pelletterio, Charlie Nixon, Jim Gardner, Bruce Black, Rick Bryant, Norm Wells and Gord Price. Bill Szavernaji and Bill Sinclair won the other two honours.

At the Ontario High School Wrestling Championships held at Toronto on March 2, wrestlers from Nelson grappled their way to the O.F.S.A.A. crown. In doing this the Nelson boys piled up 86 points to top 29 schools in the all-Ontario competition. The Nelson wrestlers picked up two individual weight class championships, two seconds, one third and two fourths in the competition. Larry Pelletterio won the 115 lb. crown by winning four straight matches.

Rick Bryant also swept four straight matches to win the 148 lb. division. Charlie Nixon won four straight matches but was defeated in his final match. Jim Gardner also won his early matches but was defeated in the final bout. A third in the 136 lb. division and fourths by Rich Toyota in the 95 lb. class and Gord Price in the 183 lb. class, rounded out Nelson's top individual efforts.

Congratulations are due to the wrestling team for their excellent performances and to Mr. W. Burns for his able coaching which has inspired the team on to victory.

### SENIOR BAND

The Senior Band has enjoyed another successful year under the leadership of Mr. Whetstone. This year's executive is Dianne Gilmore - President, Ron Mahy - Vice-President, and Linda Forrest, Secretary-Treasurer. Also, several new positions have been initiated -- an advisory Band Committee, composed of Milan Sury, Doug Cowan, Ginny MacMillan, and Jim Lang; and two librarians, Stuart Beaudoin and Earla Nichols.

Throughout the year, the Senior Band has entertained staff and students at auditorium programs, two pep rallies, Junior and Senior Commencement, and the Christmas Party. In addition, on February 3 it took a trip into Hamilton to play the Evening Service, followed by a brief concert, at Centenary United Church. During Brotherhood Week, the group was featured at Burlington Central High School, where it played a short repertoire at a programme put on by the Chamber of Commerce.

-Linda Forrest.

### DANCE BAND

FRONT ROW L-R: Dianne Gilmore, Fred Leighton, Doreen Gent, Karl Gonnissen, John Hoover, Milan Sury.

BACK ROW L-R: Jim Broadbent, Tom Harrower, Doug Cowan, John Cockburn, Bob Finlay, Ron Mahy, David Gilmore.

The Dance Band is once more on its feet after breaking in its many new members. It is composed of the following: Trombones - The Tommy Dorsey Trio: Ron Many, Graham Doule, Dave Gilmore; Saxophones - The Freddy Gardner Quintet: Fred Leyton, Doreen Gent, Karl Gonnissen, John Hoover, Milan Sury; Trum-

pets - The Harry James Trio: Tom Harrower, Doug Cowan, John Cockburn; Drums - Bob (Gene Krupa) Finlay; Bass - Jim (Strings) Broadbent; Piano - Dianne (André Previn) Gilmore, and is directed by Mr. (Glenn Miller) Davis. The Dance Band played at the tea dance after school on February 7. -Dianne Gilmore.

## DRAMA CLUB

Once again Nelson's Drama Society has enjoyed a very successful and rewarding season thanks to its most helpful staff directors Mr. Blacklock and Mr. Cooper.

Their student auditorium productions were very good and provided the student body with some light-hearted entertainment. The senior one-act play, a Mexican comedy, under the directions of Mr. Blacklock, was "Sunday Costs Five Pesos", starring: Eve Aldis, George Barou, Judy McGinn, Jennifer Amor, Jayne Thomas. The junior one-act play, for the junior auditorium under the direction of Mr. Cooper was "Something to Talk About", starring: Ted St. John, Steve Raubet, Linda Bea Chambers, Hans Hamer, Janice Peters, Jim Toni, Tim Legloric.

To climax their dramatic activities for the year, the members presented their annual play, a comedy in three acts: "The Man Who Came to Dinner", under the direction of Mr. Blacklock, who patiently endured the frustrations presented by the "green horns" and the antics of the "old timers" through a month of rehearsals. Thanks to the many people behind the scenes: Doug Wood, Stage Manager; and Mr. Davis and their crew; Mr. Cooper, Production Manager; Miss Bentley, Vicki Smith, Properties Manager; Miss Cummings and Diane Lehman, and their crew; Mr. Bateman and the Art Department; and many others. Main Characters: Mr. Whiteside - Doug Brown (best actor), grade 13; Maggie Cutler - Peggy Smith, grade 13; Lorraine Sheldon - Eve Aldis (best actress) grade 13.  
- Judy McGinn.

FRONT ROW L-R: Doug Brown, Eve Aldis, Mr. Blacklock, Jill Adams.

## LIBRARY CLUB

STANDING, FIRST ROW L-R: Gillian Salmon, Ute Vetter, Brigitte Kaiser, Sally Holton, Sybil Schonfeld, Adine Neufeld, Terry Davies, Shirley Mullen.  
BACK ROW L-R: Bill Szeverenyi, Allan Donaldson, Dale Cooper, Beate Hunnius, Jean Ambrose, Johanna Sandink.

## THE PROSPECTIVE TEACHERS' CLUB

The Prospective Teachers' Club has completed another successful year under the capable direction of Mr. Heaver. Interested students were given insight into the profession of teaching through lectures and discussions from Mr. Heaver, Mr. Cooper, Miss Bentley, Mr. Gilmore, Mr. Singleton, Mr. Lawless, and Mrs. Moyer. The climax of the year's program

came on the morning visits to neighboring schools. Thanks to the staff of these schools the members witnessed the good and the bad aspects of their chosen occupation. All members found the entire program profitable. All pupils of grades twelve and thirteen are invited to enjoy similar experiences next year.

BACK ROW L-R: Dave Bailey, Paul Taberner, Bob Sewel, Paul Striowski, Steve Ware, Richard Simmons, Ross McIntyre, Ray Gibbs, Peter Vanderboom, Bob Waggot, Mark Daves, Charlie Nixon.

FRONT ROW L-R: Dianne Gilmore, Janice Emery, Linda Bartlett, Judy Wiertz, Linda Oatley, Diane Lehmon, Kathy Cornell, Donna Powell, Anita Zuraw, Joan Searle, Carolyn Higson, June McQuade, Virginia McMillan, Janet Hayward, Mr. Heaver.

## HISTORY CLUB

Late in October the History Club held its first meeting. The Executive was elected: President, Harold Thompson; Vice-president, David Cluff; Secretary, Lorraine Leighton; Treasurer, Ralph Tallman; Membership Chairman, Jim Morton.

The Cuban Crisis was at this time at a climax and this provided an excellent theme for the first few meetings. A committee was organized to compile a booklet including background, events leading up to and the Crisis itself. The meetings which followed took

the form of discussions, with some members having prepared material beforehand. The topics discussed ranged from "Canadian Politics" to "Communism for South America". On February 18th, six members of the club took part in a formal debate on "Nuclear Arms for Canada". Attendance at meetings has been very good and willing participation of all has made the meetings both enlightening and enjoyable.

- L. Leighton.

BACK ROW L-R: R. Gibbs, S. Chisholm, M. Carter, P. McKillop, Mr. Mawson, D. Lori, B. Hunnius, M. Farley, Mr. Fisher, A. Londerville, A. Wier, A. Gummo, A. Donaldson.  
SECOND ROW L-R: T. Czajer, D. Stanton, J. Nelson, N. Findlater, M. McCormack, B. Powell, B. Dales, V. Thompson, M. Firth, D. Wilkovesky.  
FRONT ROW L-R: K. Ellis, K. Ramsay, D. Cluff (Vice-President), Harold Thompson (President), L. Leighton (Secretary), J. Morton (Membership Chairman), R. Tallman (Treasurer), A. Becker, J. Toyota.

## ART CLUB

FRONT ROW L-R: Janet Smith, Nona Samson, Gaye Anne Honsberger, Jennifer Amor, Judith Campbell, Linda Pelletier, Ray Gibbs.  
BACK ROW L-R: Phillip Theriault, Joyce Vanderlinden, Kirsten LaCour, Nelly Jeeninga, Margaret Farley, Sue Pennington, Sheryl Raymes.

## STUDENT PARLIAMENT

CABINET MEMBERS: Prime Minister - Brian Hawkins, Deputy Prime Minister - Lee Lakeman, Minister of Finance - Ron Bell, Secretary of State - Marlene Seymour, Minister of Social Affairs - Carolyn Ryznar, Grade 9 Premier - Dony Amy, Grade 10 Premier - Peter Campbell.

SHADOW CABINET: Terry Cambell, Peggy Smith, Jackie Gaudaur.

ACCOMPLISHMENTS: (1) Elected Wynn Taylor as speaker of the house. (2) This is the first year we have had a Social Executive working in Parliament. Thanks to Carolyn Ryznar we have had several very successful tea dances. Our annual Christmas Prom, "Silver Bells" was a real success. This was the first time in a number of years that the Christmas dance has made any money. (3) The dance was followed the next day by report cards and the annual Christmas party, sponsored by Parliament. Brian Hawkins and Ron Bell introduced students and teachers who all

helped to make the party a success. The party was brought to an end by the appearance of Santa. (4) In parliamentary meetings we set up a chess club, which is now operating successfully. Parliament proceeded to have an embossing seal made but soon found that it would cost too much money. (5) A lost and found is now operating under the control of Peggy McKillop. (6) We ran a successful canvas for our two foster children. (7) Christmas cards were sold by Peggy Smith under Parliament. (8) Near the beginning of the year we got quite excited about the possibility of having a new electric scoreboard built for us. We were able to raise \$750, but soon found out the only electric scoreboards were made in the United States. With the added tax the board would cost \$900 to \$1000. It was then decided to build a small scoreboard for the gymnasium. Thanks to work by Janet Hayward and the Industrial Arts section of the school, we now have a scoreboard in the gymnasium.

STUDENT PARLIAMENT - FRONT ROW L-R: Judy McGinn, Jackie Gaudaur, Lee Lakeman, Brian Hawkins, Marlene Seymour, Ron Bell, Larry Funston.

MIDDLE ROW L-R: Mr. Stevenson, Don Amy, Pete Campbell, Vicki Smith, Tod Wright, Gail Fell, Carol Goddard, April Osborne, Peggy Nixon, Carolyn Hartley, Jo Anne Waldhouser, Carol Downton, Milan Sury, Lynne Beemish, Kelly Burk, Peggy McKillop, Barb Taylor, Gaye Ann Honsberger, Mr. Heaver.

BACK ROW L-R: Rick Cuciurean, Jim Morton, David Davidson, Wayne Ouellette, David Cluff, Peter Johnson, Hans Hamer, Jim Howe, Cecil Smale, Wayne Taylor, Derek Duvall, Wynn Taylor, Ted Rimmer, Bill Nobles.

ABSENTEES: Gail Head, John Bryers, Geoff Salzer, Anne Furness, Larry Funston, Rex Lakin, Pat Connon, Dennis Reeves, Maurice Hines, Dave Bailey, Mike Pickett, Janet Hayward, Randy Richardson.

## SCIENCE CLUB

This has been a very successful year for the Science Club - both for the Club as a whole and for its subsections. Acting on the basis of fewer and therefore better, general meetings, the Club has been treated to several films, a guest speaker, and a few meetings sponsored by various subsections. In addition the club has gone on a field trip with a couple more planned to be undertaken before the year is out.

In regard to the sections of the club, Mr. Price's biology group and Mr. Page's chemistry group are the most active. The former has at least six individ-

ual projects going, two of which will be entered in the Science Fair, the latter has six going also, and three of them will be entered, the chemistry group has also sponsored a general meeting already and plans to do two more, one of which will be about smoking.

Mr. Cioran's astronomy group, the first successful one in the club's history is well under way in its project of building a telescope. This group has also sponsored a club trip to McMaster's planetarium. With these things done, even greater things are expected of this group in the future.

The Stage Crew is an organization which works behind the scenes of most school functions.

The Stage Crew's two major contributions of the year come on Drama night and the Spring Concert. Preceding these nights much preparation is done on stage and backstage to produce an effective background.

This year work on the play, "The Man Who Came

to Dinner" began early. A room had to be built on stage. This room was tricky to build because a ceiling had to be hung from the roof of the school. This showed the ingenuity of the stage crew.

Also this silent organization works on the one-act plays, lighting and sound systems for dances, the numerous auditorium periods and any other functions which crop up during the year. - Ross McIntyre.

FRONT ROW L-R: Harry Alkema, Ted Rimmer, Paul Striowski.

BACK ROW L-R: Grayem Turney, Doug Wood, John Francis, Ross McIntyre.

## CHESS CLUB

## THE MODERN LANGUAGE CLUB

The Modern Language Club, originally consisting of French and German is designed to give interested students in grades 10, 11 and 12 a chance to learn more about these languages and an opportunity to express themselves orally in them. As the club is yet in an incipient stage, the activity has been somewhat confined, with French being stressed more than German. It is hoped that, as the activity increases, Ger-

man will receive greater emphasis. So far, the club has held a games night, a presentation of slides of France with French commentary by Miss Bouck, and a film entitled "Carnival de Quebec". In the future the club is planning a very large project in the form of a play in French. The play, a comedy will be directed by the club's talented sponsors Mrs. Cioran and Mr. Fritz while the acting will, of course, be done by members of the club.

Tom Czajer, Mrs. Cioran, David Cluff, Beate Hunnuis.

FRONT ROW L-R: Sally Romanniski, Sharron Osborne, Nancy Wallington.  
BACK ROW L-R: Norman Ruttan, Marion McMaster, Allan Donaldson, Joan MacLauchlin,  
Dave Bailey.

## STOICS

A friend visited two artists who were known for being rather odd. When he entered their Greenwich Village walk-up, one of them was hanging by his neck from the ceiling, while underneath sat his buddy calmly looking at a copy of THE SOCIAL REGISTER.

"What's going on here?" demanded the horrified friend.

"Well", the seated one said, "My room mate thinks he's a light bulb."

"Cut him down", insisted the friend, "can't you see he's strangling up there?"

Slightly perturbed, the artist said, "Really - and read in the dark?"

My mother thinks  
I'm cute too!

Honest, I brush my  
teeth every night..

## What does YOUR future hold?

What will you be doing 15 years from now? Will you be working in an interesting career that offers full scope for your talents and intelligence? Will you enjoy employment security in a changing, competitive economy?

EDUCATION will answer these questions. As Canada moves into an increasingly complex and technological age, the future belongs to those who prepare for it — through education.

**DOMINION FOUNDRIES AND STEEL, LIMITED,**

HAMILTON, ONTARIO

## NO CEILING IN ENGINEERING

● Every year brings challenging new demands to Canadian engineering. The nation's rapid industrial expansion . . . the need for more advanced scientific defence techniques . . . the desire of Canada's people for better living through the products of engineering . . . all these keep the horizon steadily broadening for the country's engineers.

Matching the new demands are new engineering advances that give promise of further development with no limit in sight. To the student with ability in maths and science, Engineering offers a stimulating and rewarding future.

You can be sure...if it's **Westinghouse**

**CANADIAN WESTINGHOUSE COMPANY LIMITED**

## CANADA and STELCO

*partners in progress*

A nation's progress and wealth are linked strongly with its ability to produce basic industrial products. No product is more basic than steel, and hence no product has contributed more to Canada's progress and wealth than has Canadian steel.

In the past fifty years the Canadian population has grown from a little more than seven million to better than eighteen million, while the number of Stelco employees has, in the same period of time, grown from five thousand to almost sixteen thousand. As Canada grows, so does Stelco.

Canada has become a land of great opportunities, and at Stelco there are great opportunities for young Canadians desiring careers in steel.
